Elevation onto courtyard

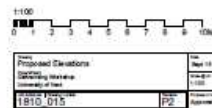

Themenkomplex	Thema	Frage	Antwort
Themenkomplex: Infektion	1. Ein 45-jähriger Patient mit einer 10-tägigen Fieber- und Husten-episode wird in die Notaufnahme eingeliefert. Er berichtet über eine Zunahme der Symptome in den letzten 48 Stunden. Die körperliche Untersuchung zeigt eine Rötung und Schwellung des Halses sowie eine feuchteschnalende Atmung. Welche der folgenden Maßnahmen ist die erste Wahl zur Behandlung?	1. Intravenöse Antibiotikagabe 2. Intravenöse Flüssigkeitsgabe 3. Sauerstoffgabe 4. Bronchodilatation	Die richtige Antwort ist: 3. Sauerstoffgabe. Die klinische Präsentation deutet auf eine akute Bronchitis hin, die häufig viral bedingt ist. Die erste Maßnahme ist die Sauerstoffgabe, um die Sauerstoffsättigung zu verbessern. Intravenöse Antibiotikagabe ist nicht indiziert, da keine bakterielle Infektion vorliegt. Intravenöse Flüssigkeitsgabe ist ebenfalls nicht die erste Wahl, da der Patient keine Dehydratation zeigt. Bronchodilatation kann bei obstruktiver Lungenerkrankung hilfreich sein, ist aber nicht die erste Maßnahme.

Proposed block plan

- General Notes:**
1. Dimensions should not be scaled from the drawings, where available, in meters.
 2. Details dimensions and levels to be checked in situ to confirm prior to commencement of works. Any works commenced prior to all necessary local authority approvals are contrary to the rules of the contract & tender.
 3. Structural details are subject to approval of existing construction and verification by L.A. Surveyor and any necessary method details are to be agreed with the L.A. Surveyor prior to carrying out the structural works.
 4. All materials are to be used in accordance with the manufacturer's guidelines and all materials shall conform to the Code of Practice & Regulation 7 of Building Regs.
 5. All works are to be carried out in accordance with Local Authority requirements.
 6. The proposed works fall within the Party Wall Act 1996 and any adjoining owners affected must be notified prior to commencement of any works.

Client: Mr A Wilmont	
Address: 132 Cooling Road Rushmore MK2 4BT	
Drawings: Proposed Block Plan	
Project: Erection of a 2 Bed Chalet Bungalow.	
Date: December 2014 Revised 19.12.16	

When printing off pdf drawings, it is the responsibility of the user to verify that the resulting prints are to scale on the appropriate sized sheet. Also the scale bar on the plan remains correct.

Scale bar 1:100

When printing off pdf drawings, it is the responsibility of the user to verify that the resulting prints are to scale on the appropriate sized sheet. Also the scale bar on the plan measure correctly.

Scale Bar 1:100

General Notes:

1. Dimensions should not be scaled from the drawings where accuracy is essential.
2. Details dimensions and levels to be checked on site by builder prior to commencement of works. Any works commenced prior to all necessary local authority approvals are entirely at the risk of the owner & builder.
3. Structural details are subject to exposure of existing construction and verification by L.A. Surveyor and any necessary related details are to be agreed with the L.A. Surveyor prior to carrying out the affected works.
4. All materials are to be used in accordance with the manufacturer's guidelines and all relevant British Standards Codes of Practice & Regulation 7 of Building Regs.
5. All works are to be carried out in accordance with Local Authority requirements.
6. The proposed works fall within the Party Wall Act 1996 and any adjoining owners affected must be notified prior to commencement of any works.

General Notes:

1. Dimensions should not be taken from the drawings where accuracy is essential.
2. Details, dimensions and levels to be obtained on site by the builder prior to commencement of work. Any work measurements prior to all construction must strictly conform to the requirements of the relevant building regulations.
3. Materials and any suggested materials of existing construction and materials to be used in the new construction must be agreed with the Local Authority prior to commencement of any work.
4. No materials are to be used in association with the construction of the building and all materials must be obtained from a reputable supplier.
5. No materials are to be used in association with the construction of the building and all materials must be obtained from a reputable supplier.
6. The drawings shall be used for the purpose of the building and any other use without the written consent of the architect.

Proposed Side Elevation View B

Proposed Side Elevation Showing Proposed Boundary Treatment For No. 100 Cooling Road's Garden View C

General Notes:

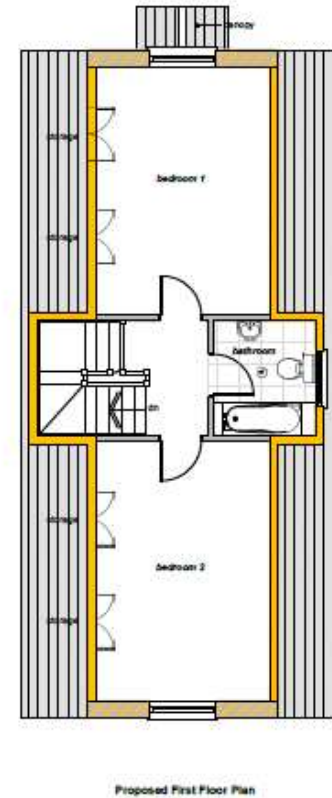

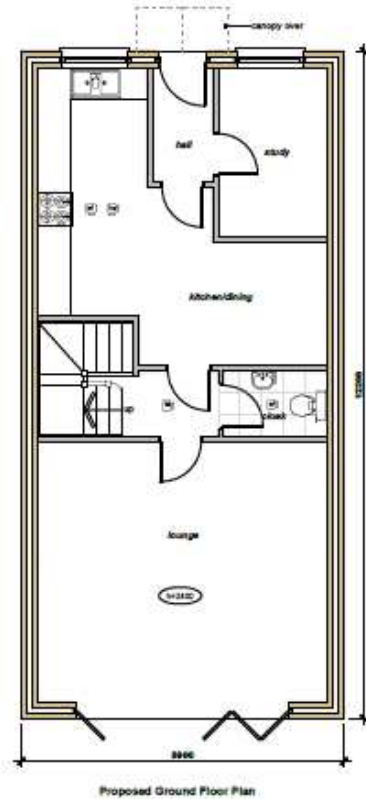

1. Dimensions should not be smaller than the drawings where accuracy is essential.
2. Details, dimensions and levels to be checked on site by builder prior to commencement of work. Any minor amendments prior to all necessary local authority approvals are solely at the risk of the owner & builder.
3. Structural details are subject to approval of building control officer and verification by a Surveyor and any necessary technical details are to be agreed with the Local Authority prior to carrying out the affected works.
4. All building work to be carried out in accordance with the manufacturer's guidelines and all relevant British Standards Codes of Practice & Regulation 7 of Building Regulations.
5. All work must be carried out in accordance with Local Authority requirements.
6. The intended works fall within the Party Wall Act 1999 and any adjoining owners affected must be notified prior to commencement of any work.

These results suggest that the use of a single, standardized, and validated instrument to assess the impact of a program is a more reliable and valid method than the use of multiple, non-standardized, and non-validated instruments. The use of a single, standardized, and validated instrument also allows for the comparison of results across studies and programs.

noted in any early research (e.g., *Wallerstein, 1986*). Indeed, as many past studies have shown, there is a high level of heterogeneity in the data on the effects of divorce on children (e.g., *Wallerstein, 1986*).

Bloors Place, Rainham, Kent Proposals

General Notes:

DO NOT SCALE FROM THIS DRAWING

Only visible and accessible elements of the existing structure have been surveyed.

Drawing indicates general arrangement of the scheme and is not to be used as a construction/working drawing in any such way.

Structural alterations to be designed by Structural Engineer.

Any discrepancies are to be reported to the Architect immediately.

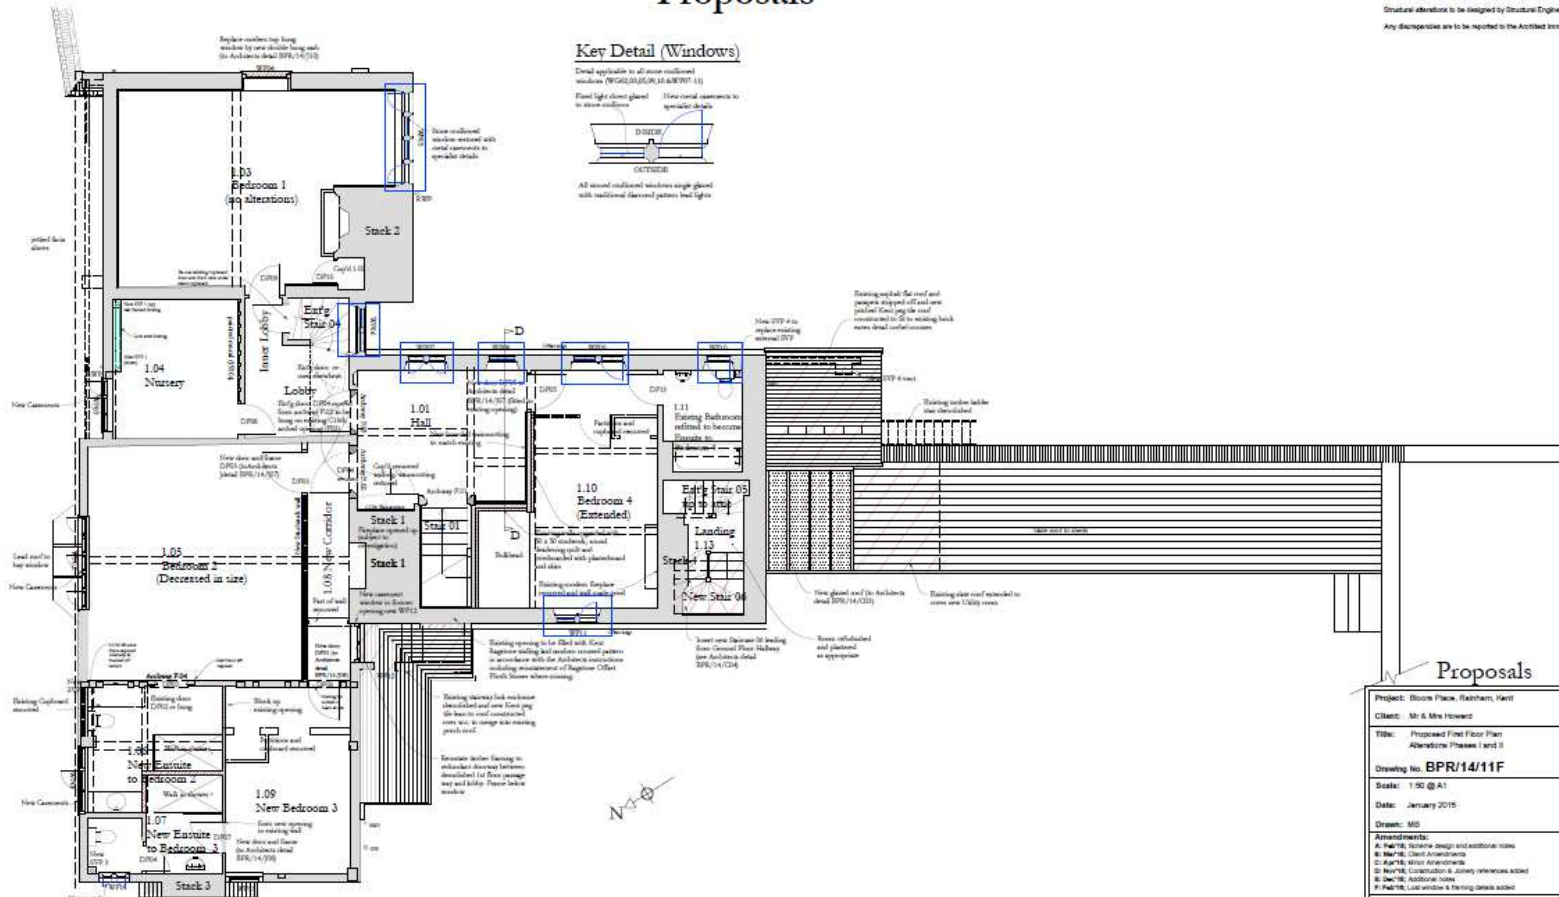

Key Detail (Windows)

Detail applicable to all new roofed windows (WGA03/05/06/16/AN007-11)

Fixed light closed glazed New roofed windows to specific details

All second roofed windows single glazed with traditional clearest pattern but light.

Proposed First Floor Plan

Scale Bar 1:50

Proposals

Project: Bloors Place, Rainham, Kent

Client: Mr & Mrs Howard

Title: Proposed First Floor Plan
Alterations Phases 1 and 2

Drawing No: BPR/14/11F

Scale: 1:50 @ A1

Date: January 2015

Drawn: MS

Amendments:

- A: Part 1B, Scheme design and additional notes
- B: Part 1B, Client Amendments
- C: Part 1B, Minor Amendments
- D: Part 1B, Construction & joining references added
- E: Part 1B, Additional notes
- F: Part 1B, List window & Parting details added
