Within the primary phase Medway's School Organisation Plan principles are:

- To review the future of schools with low standards:
- All Infant and Junior schools should be amalgamated over time;

- To enable popular and successful schools to expand

## 8.5 Comments from the Headteacher of All Faiths Community School

- 8.5.1 Our building project went well and met the objectives stated below:
  - To deliver much needed additional teaching space of three new classrooms
  - To provide a new hall which will not be disrupted by the main circulation of the school
  - To demolish the existing Children's Centre and provide a new Children's Centre with improved storage and external learning space
  - To allow for a new combined reception area, allowing for a stronger link between the school and Children's Centre
  - To provide an extra parking area and a new, safer internal road.
- 8.5.2 The contactor, King and Johnson, was one of the best I have ever worked with. Disruption was kept to a minimum and they alerted us to anything that might cause a problem well in advance. They ensured that the children were fully involved in the project; we planned our curriculum around the works and without doubt, the children benefited from the experience. The architects too, were brilliant and did whatever they could to ensure the design would meet our needs, which it mostly does. Overall a successful project.

#### 9. Recommendations

- 9.1 The Cabinet is requested to note the outcome of the contract as set out in paragraph 4.1 of the report.
- 9.2 The Cabinet is also requested to acknowledge the head teacher feedback in paragraph 8.5 of the report.

# 10. Suggested reasons for decision(s)

- 10.1 The recommendations contained within Section 9 'Recommendations' above are provided on the basis that the contract was a one off procurement, which has now finished.
- 10.2 The recommendation was also provided on the basis that the project was completed to specification and within budget.
