<p>The Medium Term Financial Plan and SR 2013 identify both significant cost pressures for the Council and continued unprecedented cuts in funding for the foreseeable future. The settlement for 2014/15 confirmed a further 9.6% cut in grant support with a further cut of 13.6% in 2015/16. The Autumn Statement in December 2013 also announced that the austerity regime would continue post the 2015 election with a further £25 billion of public spending cuts. It is now widely expected that the current £52 million of revenue support grant (2014/15) will cease to exist in 5 years' time. £12 billion of the £25 billion cut is being suggested to come from welfare support.</p>			<p>The Chancellors Autumn Statement in December 2013 and the Financial Settlement for 2014-2016 have confirmed that the Public Sector and LA's in particular will continue to face an austerity regime well beyond the election in 2015.</p> <p>Welfare Benefit reforms, targeted at the working age benefit recipients, are having a significant effect on vulnerable individuals and families who are seeing a significant drop in income. The visible effect of this is difficult to quantify with rent arrears reduced and the new Council Tax Reduction Scheme producing higher than expected collection rates. However homelessness applications have risen although arguable this would have happened anyway.</p>		<input type="checkbox"/> Very difficult decisions around funding allocation <input type="checkbox"/> Service cuts <input type="checkbox"/> Quality of service compromised. <input type="checkbox"/> Cutback in staffing on an already lean organisation <input type="checkbox"/> VFM Judgement <input type="checkbox"/> Negative local publicity. <input type="checkbox"/> Damage to reputation.
