PAY POLICY STATEMENT 2015/2016

Report from: Tricia Palmer, Assistant Director, Organisational Services

Author: Carrie McKenzie, Head of HR and Organisational Change

Summary

To seek approval to the Pay Policy Statement for the financial year 2015/2016 in accordance with the Localism Act 2011.

1. Budget and Policy Framework

- 1.1 Section 38(1) of the Localism Act 2011 (the Act) requires English and Welsh local authorities to produce a pay policy statement for 2012/13 and for each financial year after that.

2. Background

- 2.1 The Act requires Medway Council to compare the policies on remunerating chief officers and other employees, and to set out policy on the lowest paid.
- 2.2 The Act defines remuneration widely, to include not just pay but also charges, fees, allowances, increases, enhancements of pension entitlements etc, and termination payments.
- 2.3 The Act does not apply to local authority schools, academies, foundation or voluntary aided schools.
- 2.4 The Pay Policy Statement for 2015/16 for Medway Council is attached as appendix one.
- 2.5 Guidance has been produced by the Department for Communities and Local Government and South Eastern Employers. The guidance has been taken into account in formulating this pay policy statement.
- 2.6 The pay policy statement must be approved by a resolution of Full Council before it comes into force and has to be prepared and approved before 31 March 2015 for the following financial year. It may only be amended (including after the beginning of the financial year to which it relates) by Full Council.

2.7 Section five of the Pay Policy Statement 2015/16 includes reference to other employment-related policies that have been agreed by the Employment Matters Committee. Any amendment to these policies that do not affect the pay policy statement will be agreed by the Employment Matters Committee as part of the normal approval process.

3. Advice and analysis

3.1 The equal application of the council's remuneration policies across all levels of the organisation as detailed within the council's Pay Policy Statement 2015/16 is a positive reflection of the council's attitude toward rewarding and recognising staff contribution. The main exception to this would be the special allowance awarded to senior managers.

3.2 The salaries of Assistant Directors and above are published in the Statement of Accounts and on the council's website each year.

3.3 The policy statement covers remuneration policies relating to both the highest earners in the council and the lowest earners. Those covered specifically are the Chief Executive, Director's, Deputy Directors, Assistant Directors, Monitoring Officer and Section 151 Officer. In terms of the lowest paid, the policy refers to those at Range 1, this being the lowest range on the pay structure.

3.4 The policy statement allows for sufficient flexibility to cope with changes in circumstances (unforeseen or otherwise) by providing schemes such as those that enable a market premia payment to be made and also the scheme for awarding "acting-up" or additional duties payments.

3.5 Content of the Pay Policy Statement

3.5.1 The following analysis highlights the matters that must be included in the Pay Policy Statement:

(i) the council's policy on the level and elements of remuneration for Assistant Directors and above. This is set out in section two (pages 3-9) of the policy.

(ii) the council's policy on other specific aspects of chief officers' remuneration, e.g. remuneration on recruitment, increases and additions to remuneration, any use of performance related pay and bonuses, termination payments and transparency. This is also set out in section two of the policy.

(iii) the council's policy on the remuneration of its lowest paid employees (together with its definition of "lowest paid employees" and its reasons for adopting that definition). This is set out in section 3 (pages 10-14)

Note: Both sections two and three set out the remuneration packages appropriate to that particular level of staff. Both sections include a table setting out the elements of the remuneration package and highlight's any differences between the two levels. By comparing both tables, it can be noted that the differences are minimal. This reinforces the message that the council does not differentiate significantly between senior and lower levels of personnel in terms of its application of pay and reward policies.

(iv) the council's policy on the relationship between the remuneration of Assistant Directors and above and other officers. This is set out in section 4 (page 15).

Note: The statutory guidance advises that the way of measuring pay relationships is to use a pay multiple. Will Hutton's 2011 *Review of Fair Pay in the Public Sector* supported the idea of publishing the ratio of the pay of an organisations top earner to that of its median earner, and tracking it over time. The government has recommended the adoption of such a multiple in its code of recommended practice on data transparency and has gone further in its statutory guidance on pay policy statements.

The pay multiplier for the council, calculated on the ratio of the top earner to that of its median earner for December 2014 equates to 7.03.

The Hutton report also recommended a separate measurement, where the top earning salary should equal no more than 20 times that of the lowest earning salary. The council's ratio at December 2014 was 12.3.

3.5.2 As well as prescribing mandatory content, the Act also states that the pay policy statement:

(i) can be amended in-year. This is set out in section seven (page 21)

(ii) must be published on the council's website. It is proposed that the policy be published on medway.gov.uk and on *Just4you*. This is set out in section eight of the policy (page 22).

(iii) must be complied with when the authority sets the terms and conditions for Assistant Directors and above.

3.5.3 Section five identifies the remuneration policies that are applied across the workforce and where there is no status distinction (page 16). Whilst not mandatory, this section has been included intentionally. By indication that the majority of reward policies apply to all employees in the same way may allay concerns about any perceived generosity of senior recruitment within the council.

4. Consultation

- 4.1 The Pay Policy Statement 2015/16 has not been subject to consultation as there have been no changes made.

5. Employment Matters Committee

- 5.1 The Employment Matters Committee considered this report on 28 January 2015. The Assistant Director, Organisational Services, introduced this report which dealt with the Pay Policy Statement for the financial year 2015/2016 in accordance with the Localism Act 2011.
- 5.2 The Committee noted the Pay Policy Statement 2015/2016, as set out in Appendix 1 to the report, and referred it to Full Council for agreement.

6. Risk Management

- 6.1 Failure to comply may result in negative publicity both locally and nationally.

7. Diversity Impact Assessment (DIA)

- 7.1 A Diversity Impact screening has been undertaken and it is considered that a full DIA is not required. The DIA is attached at Appendix 2 to the report.

8. Financial and legal implications

- 8.1 The council is statutorily bound by the Localism Act 2011 to produce this policy statement.
- 8.2 There are no additional financial risks as the pay policy statement highlights policies that have already been agreed by Members and are in operation.

9. Recommendation

- 9.1 That Council agrees the Pay Policy Statement 2015/16 as set out in Appendix 1 to the report.

Section one : Introduction

1.1 Source and scope of policy statement

- 1.2 This policy statement has been produced in accordance with Sections 38 to 43 of the Localism Act 2011 (the Act), which, from 2012 onwards, require local authorities to publish an annual statement of their policy for the relevant financial year in relation to the:
- remuneration of their most senior employees (which the Act defines as the head of paid service (Chief Executive), the Monitoring Officer, the Chief Officers (or Directors), and the Deputy Chief Officers (i.e. Deputy Directors, Assistant Directors));
 - remuneration of their lowest-paid employees; and
 - the relationship between the remuneration of the most senior employees and that of other employees.
- 1.3 The Secretary of State has produced guidance on the Act's provisions relating to openness and accountability in local pay, which local authorities must have regard to in preparing and approving their annual pay policy statements, and the council's statement takes full account of this guidance as well as the provisions of the Act.
- 1.4 It also takes account of:
- The Code of Recommended Practice for Local Authorities on Data Transparency, issued by the Department for Communities and Local Government in September 2011;
 - guidance issued by the Joint National Council (JNC) for Local Authority Chief Executives on pay policy statements, published in November 2011; and
 - employment and equalities legislation affecting local authority employers, where relevant.

1.5 Status of policy statement

- 1.6 Section 41 of the Act makes it clear that the council must comply with this pay policy statement during the financial year 2015/16.
- 1.7 The pay policy statement will be reviewed on an annual basis, and a new version of the policy will be approved before the start of each subsequent financial year, which will need to be complied with during that year.
- 1.8 The pay policy statement can also be amended during the course of any financial year, but only by a resolution of the full council. If it is amended during the year to which it relates, the revised version of the statement will be published as soon as reasonably possible after the amendment is approved by the council.

1.9 Transparency and autonomy

- 1.10 The council recognises and welcomes the aim behind this pay policy statement to ensure that the authority's approach to pay is accessible for citizens and to enable local taxpayers to take an informed view of whether local decisions on all aspects of remuneration are fair and make the best use of public funds.
- 1.11 It also welcomes the government's recognition that each local authority remains an individual employer in its own right, and, as such, has the autonomy to make decisions on pay that are appropriate to local circumstances and deliver value for money for local taxpayers.

Section two: Remuneration of the Chief Executive, Directors, Deputy Directors, Assistant Directors, Monitoring Officer and Section 151 Officer

2.1 Remuneration covered in this section of the policy

2.2 This section covers the council's policies in relation to the remuneration of its senior employees, including:

- the Chief Executive;
- the Directors who report to and are directly accountable to the Chief Executive,
- the Deputy Directors and Assistant Directors who report to and are directly accountable to the Chief Executive and Directors.
- The Section 151 Officer (i.e. the officer responsible for ensuring lawfulness and financial prudence of decision making and the administration of the financial affairs of the council)
- and Monitoring Officer (i.e. the officer responsible for ensuring the council's compliance with the law in all its activities);

2.3 Overall policy on remuneration for senior roles

2.4 The council's overall approach to remuneration for its senior employees is based on:

- compliance with equal pay, discrimination and other relevant employment legislation, plus
- ensuring that its remuneration package for senior roles mirrors the overall pay policy for the council resulting in a fair and equitable system. Whilst, at the same time, taking account of market factors and the need to reward significant additional responsibility.

2.5 The council seeks to maintain this overall approach by carefully monitoring pay data provided by the Joint National Councils (JNCs) for Chief Officers and Chief Executives, the Local Government Association/Employers, and other pay surveys.

2.6 In terms of pay differentials, the council recognises that the role of Chief Executive leads the organisation's workforce and has the greatest level of accountability, and so warrants the highest pay level in the organisation.

2.7 At Director level

2.8 The council recognises that its Directors have a collective and corporate responsibility for contributing to and delivering the overall strategy of the organisation, and therefore offers the same level of remuneration to all Directors. Below Director level, the council recognises that the demands on and accountabilities of different management roles vary considerably, and seeks to align pay levels with the relative importance and responsibilities of jobs using a process of job evaluation.

2.9 The remuneration offered to senior employees

2.10 At Chief Executive, Director, Deputy Director, Assistant Director, Section 151 Officer and Monitoring Officer level, the council offers an annual salary, access to the Local Government Pension Scheme and a range of other benefits, as detailed below.

2.11 Annual salaries

2.12 Annual salary levels for senior employees are set in accordance with the overall principles set out in section 1.4 above. At Chief Executive, Director, Deputy Director, Assistant Director, Section 151 Officer and Monitoring Officer level, they consist of a pay range which is determined locally by the council. Assistant Directors and above are also paid an additional Special Allowance payment as set out in paragraph 2.40.

2.13 Remuneration of senior employees on recruitment

2.14 The council's policy is that any newly appointed senior employee will commence employment at the lowest pay point possible in the pay range for their job taking account of their current remuneration and market factors.

2.15 The decision on which pay point to appoint an Assistant Director or above would be made by the appointing committee, unless the committee delegates the responsibility for such negotiations to the Chief Executive at the time of appointment.

2.16 The appointing salary of the Chief Executive will be agreed by the appointing committee or the Chair of the committee if negotiations are required.

2.17 Pay progression

2.18 Pay progression is in accordance with the council MedPay scheme payable from 1 April each year.

2.19 Pay progression is based on a MedPay pay progression assessment of performance/competency through a Performance Development Review (PDR).

2.20 The council's MedPay scheme sets out the standards/criteria which must be met in order for an employee to receive any pay progression, the roles and responsibilities of managers and employees in this process and the monitoring and review arrangements to ensure this is applied fairly and equitably across the council.

2.21 Any assessment of wider contribution must be agreed by the relevant Director, Chief Executive, and Assistant Director, Organisational Services, in consultation with the Portfolio Holder, Finance.

2.22 Pay awards

2.23 The council will review the salaries of senior employees annually/periodically in the light of pay movements and other changes in the economy to determine whether any pay award is necessary to maintain its overall market position on pay for its managers.

2.24 Market supplements

2.25 The council recognises that pressures in the national or regional labour market can mean that pay levels for a particular category of manager in a particular function can be such that the council's normal pay level would not be sufficiently competitive to enable it to recruit or retain a manager in that function. In that case, the council's market supplement policy will be applied – see Section five 'Policies common to all employees'.

2.26 Local Government Pension Scheme (LGPS)

2.27 The council offers all its senior employees access to the Local Government Pension Scheme (LGPS), in accordance with the statutory provisions of the scheme, on the same basis as all of its employees. Any pension payments made to its senior employees on termination of employment either on grounds of redundancy, in the interests of the efficiency of the service or on grounds of ill health will be made within the statutory terms of the LGPS.

2.28 See Section 5 'Policies common to all employees' for the contribution rate for each participating employee who joins the scheme.

2.29 The discretions which the council is able to apply under the scheme upon termination of employment are the same for senior employees as for all other employees who are LGPS members and are attached as appendix one.

2.30 Payments on Termination of Employment

2.31 Other than payments made under the LGPS, the council's payments to managers whose employment is terminated on grounds of redundancy will be in accordance with the policy the council has adopted for all its employees in relation to the Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2006, as set out in Section 5 'Policies common to all employees'.

2.32 Other than payments pursuant to the LGPS (including the exercise of the council's discretions) or payments in accordance with the council's policies under the Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2006, the council's policy is not to make any other termination payments to its senior employees, other than where it has received specific legal advice to the effect that a payment may be necessary to eliminate risk of claims against the council.

2.33 Other elements of remuneration

2.34 The other elements of remuneration which it is the council's policy to offer are set out in the table below. Each element offered is then described in more detail below the table.

2.58 Any senior officer who wishes to be re-engaged to another post following either voluntary or compulsory redundancy would be subject to the conditions for re-engagement as detailed in paragraph 16.2 of the council's Organisational Change Policy as follows:

"Employees who are dismissed on the grounds of redundancy and who have received a redundancy payment are unable to take up another post with Medway Council within the amount of week's redundancy payment they have been paid, the minimum amount of weeks being four weeks."

2.59 Any former senior officer who is employed by the council who has previously received a severance, termination or redundancy payment from this or any other council or related body will not have previous service counted when determining any further entitlements to notice periods, sickness payments, annual leave or other benefits/entitlements based on continuous service (as applies to all other staff).

Section three : Remuneration of lowest paid employees

3.1 This section sets out the council's policies in relation to the remuneration of its lowest-paid employees, as defined in this pay policy statement.

3.2 Definition of lowest paid employees

3.3 The definition of the "lowest-paid employees" adopted by the council for the purposes of this statement is as follows:

3.4 The lowest paid employees within the council are those substantive employees who are paid on the minimum salary range of the council's substantive pay structure, i.e. Range 1.

3.5 The council considers this to be the most appropriate definition as this is the lowest pay point /pay level on its substantive pay structure and which normally applies to new entrants to the lowest graded jobs within the organisation.

3.6 Remuneration of lowest paid employees

3.7 For the purposes of this policy statement, remuneration includes the employee's basic annual salary and any bonuses, allowances or other similar payments, benefits in kind, any increases or enhancements to any pension entitlement and any termination or other severance payments.

3.8 Pay structure

3.9 The basic pay of the council's lowest paid employees comprises a pay range derived locally. Pay progression is in accordance with the council's MedPay scheme. The council's MedPay scheme sets out the standards/criteria which must be met in order for an employee to receive any pay progression, the roles and responsibilities of managers and employees in this process and the monitoring and review arrangements to ensure this is applied fairly and equitably across the council.

3.10 Pay Progression

3.11 Pay progression is in accordance with the council MedPay scheme payable from 1 April each year.

3.12 Pay progression is based on a MedPay pay progression assessment of performance/competency through a Performance Development Review (PDR). Any assessment of a wider contribution payment must be signed off by the Departmental Management Team.

3.13 Annual Pay Review

3.14 The basic pay of the council's lowest paid employees is reviewed annually, with any cost-of-living, or other, increase normally applied on 1 April in each year.

3.15 The council introduced local pay bargaining from 1 April 2013.

3.16 Market Supplements (if relevant)

Where the council considers that pay rates for specific posts are insufficient to enable it to recruit and/or retain staff with the required knowledge, skills and expertise, it may authorise the use of market supplements, or other form of enhancement to pay rates, in accordance with the terms of the Market Premia Policy (see Section 5 'Policies common to all employees').

3.17 Pension provision

3.18 In common with all other employees, the council's lowest paid employees may participate in the Local Government Pension Scheme in accordance with the statutory terms of that scheme. See Section 5 'Policies common to all employees' for the contribution rate for each participating employee who joins the scheme.

3.19 Any increases in or enhancements to the pension entitlement of the council's lowest paid employees will be made in accordance with the discretions available to it under the statutory provisions of the Local Government Pension Scheme, as exercised by the council and set out in the relevant policy statement (see Section 5 'Policies common to all employees').

3.20 Termination or Severance Payments

3.21 Any termination or severance payments made by the council to its lowest paid employees, either on grounds of redundancy or on grounds of permanent ill-health, will be made in accordance with the statutory terms of the Local Government Pension Scheme, as applicable, and /or in accordance with the discretions available to it under that Scheme or under the Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2006, as set out in the relevant policy statement (see Section 5 'Policies common to all employees').

3.22 Other than payments pursuant to the LGPS (including the exercise of the council's discretions) or payments in accordance with the council's policies under the Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations 2006, the council's policy is not to make any other termination or severance payments to its lowest paid employees, other than where it has received specific legal advice to the effect that a payment may be necessary to eliminate risk of claims against the council.

3.23 Other elements of remuneration

3.24 The other elements of remuneration which it is the council's policy to offer to its lowest paid employees are set out in the table below.

3.27 Reimbursement of removal /relocation costs on appointment

3.28 Details of the scheme are set out in Section 5, 'Policies common to all employees'.

3.29 Acting-up /additional responsibility payments

3.30 Details of the scheme are set out in Section 5, 'Policies common to all employees'.

3.31 Working arrangements

3.32 Employees who are required to work beyond the council's normal full-time equivalent working week of 37 hours and /or work other non-standard working patterns, as listed below, will receive payment in accordance with the provisions of the National Joint Council for Local Government Services National Agreement on Pay and Conditions of Service.

- Sleeping-in duty

3.34 Employees who are required to be on standby at times which are outside their normal working week and /or who may be called-out to attend to an issue at the council's premises or other location may receive an additional payment in accordance with the provisions of the relevant council policy.

3.35 Car provision

3.36 The council compensates its employees who are authorised to use their own car on council business in accordance with the provisions and rates agreed by the National Joint Council for Local Government Services.

3.37 There are three types of car user status, these are Casual, Essential and Dedicated. The definition for each is below:

3.38 Casual Users are users based largely at a single employment location. There is little or no genuine operational need to travel in the course of their duties other than to one of the other main employing centres. The NJC mileage rates for casual users apply.

3.39 Essential User status is based on a mileage criteria of 1,000 business miles or more in a calendar year together with a requirement to undertake daily or near daily travel.

3.40 Dedicated car users are employees who are not able to plan their work in advance and where the post requires a significant number of journeys. For these people, the use of any alternative mode of transport other than a dedicated vehicle would be impractical and perhaps even seriously detrimental to the post-holder's effectiveness and the directorate's service delivery. Post-holders are entitled to access to the Limited Leased Car Scheme. There is an annual contribution based on the vehicle leased which will be deducted direct from pay. Mileage is paid at the NJC petrol-only rates.

- 4.2 Under the provisions of the Code of Recommended Practice for Local Authorities on Data Transparency, issued by the Department for Communities and Local Government under Section 2 of the Local Government Planning and Land Act 1980, the council is required to publish its "pay multiple", i.e. the ratio between the highest paid salary and average salary of the whole of the local authority's workforce. - 4.3 The lowest pay point in the overall salary range which has been used by the council in calculating the mean average salary is that which applies to its lowest paid employees, as defined in Section 3 of this pay policy statement.
- 4.4 The council considers that the current pay multiple, as identified above, represents an appropriate, fair and equitable internal pay relationship between the highest salary and that which applies to the rest of the workforce and has adopted the following actions to ensure this is maintained:
- monitor the pay multiple annually as part of the council's overall workforce monitoring, which is currently reported to the Employment Matters Committee.
 - take account of the pay multiple when reviewing pay structures and allowances.

5.52 The Green Salary Sacrifice 4 Cars scheme is being introduced in April 2015 and will enhance the council's employee benefit provision.

The scheme will allow the council to provide employees with a brand new fully maintained and insured car at a lower cost than would normally be achieved in the retail market.

The scheme will help reduce the council's carbon footprint by recommending that the upper limit of CO2 emissions for cars chosen through the scheme is 130gm/km or below enabling employees a choice of up 3,800 low emission vehicles.

The scheme enables staff to be provided with a new low emission, fully maintained and insured car.. Regulation 16(4)(ii)	If a scheme member wishes to aggregate the most recent of their periods of previous scheme membership with their current membership, it is Medway Council's policy that the election to do so must be made within twelve months of the Pension Section being notified that they have become an active member of the Kent Scheme. The Assistant Director Organisational Services may extend this time limit if the scheme member can demonstrate exceptional circumstances so as to justify this.
Regulation 22(2)	Scheme members who have the option to pay contributions in respect of a period of unpaid absence must elect to do so within thirty days of the date of the notice issued to them. The Assistant Director Organisational Services may extend this time limit if the scheme member can demonstrate exceptional circumstances so as to justify this.
Regulation 25(3)	It is not Medway Council's policy to operate a shared AVC scheme for employees. However, the Assistant Director Organisational Services and the Chief Finance Officer will review this policy annually.
Regulation 83(8)	If a scheme member wishes to transfer any pension benefits they have built up in other schemes to the Local Government Pension Scheme, it is Medway Council's policy that the election to do so must be made within twelve months of the Pension Section being notified that they have become an active member of the Kent Scheme. The Assistant Director Organisational Services may extend this time limit if the scheme member can demonstrate exceptional circumstances so as to justify this.

The Local Government Pension Scheme (Benefits, Membership and Contributions) Regulations 2007

Regulation 11(2)	Where a scheme member's pensionable pay consists of fees, it is the policy of Medway Council that, if this produced a higher figure, an average of all such fees for any three consecutive years ending 31 st March within the period of ten years ending with the last date of active membership may be used for the calculation of benefits.
Regulation 12	<p>It is not Medway Council's general policy to grant additional pension scheme membership to scheme members under this regulation. Any exceptional cases that were of overall benefit to the authority would require the agreement of the Assistant Director Organisational Services.</p> <p>Additional scheme membership will not be granted in respect of pre April 1972 service, which at the point of retirement has not yet been up-rated.</p>
Regulation 13	It is not Medway Council's policy to grant additional pension to scheme members under this regulation. Any exceptional cases that were of overall benefit to the authority would require the agreement of the Assistant Director Organisational Services.
Regulation 18(1)	It is not the policy of Medway Council to agree flexible retirement of a scheme member unless consent has been given by Assistant Director Organisational Services in consultation with the relevant Director as detailed in Medway Council's policy on Flexible Retirement.
Regulation 18(3)	If consent has been given under Regulation 18(1), it is not Medway Council's policy to waive in whole or part, any actuarial reduction to the scheme member's benefits.
Regulation 30(2)	It is not the policy of Medway Council to give consent under this regulation to the immediate payment of benefits to a scheme member who voluntarily retires unless there is a demonstrable benefit to the organisation, which would take full account of any extra costs to be borne by the authority. Any such consent shall be agreed by the Assistant Director Organisational Services and the Chief Finance Officer.

The Local Government Pension Scheme (Benefits, Membership and Contributions) Regulations 2007

Where a scheme member has previously been awarded a preserved benefit, it is not generally the policy of Medway Council to give consent under this regulation to the early payment of benefits. However, each request will be considered and full account taken of any costs to be borne by the authority. Any consent shall be agreed by the Assistant Director Organisational Services and the Chief Finance Officer.

Regulation 30(5)

Where a request has been made for early payment of benefits for compassionate reasons. Circumstances must be exceptional and would not be expected to prevail, for instance, the occurrence of a disaster, accident, or long-term ill-health (certificated by Medway Council's appointed Occupational Health Adviser). Financial Hardship alone would not normally be deemed sufficient.

Payment may only be made after agreement by the Assistant Director for Organisational Services in consultation with the Chief Finance Officer. Medway Council will be responsible for any additional costs deriving from the decision to release benefits prematurely in compassionate circumstances.

Assessing impact								
7. Are there concerns that there <u>could</u> be a differential impact due to <i>racial/ethnic groups</i>?		Brief statement of main issue						
	NO							
What evidence exists for this?	<p>Workforce data shows a breakdown as follows:</p> <table border="0"> <tr> <td>Chief Officers</td> <td>100% white</td> </tr> <tr> <td>Lowest paid</td> <td>93% white</td> </tr> <tr> <td>Total organisation</td> <td>91% white (9% other)</td> </tr> </table> <p>Whilst there is a small disparity between the chief officer group and the lowest paid, when compared with the ethnicity break down of the organisation (91% white) the disparity would not be seen significant enough to warrant further investigation. This will be monitored on a regular basis.</p>		Chief Officers	100% white	Lowest paid	93% white	Total organisation	91% white (9% other)
Chief Officers	100% white							
Lowest paid	93% white							
Total organisation	91% white (9% other)							
8. Are there concerns that there <u>could</u> be a differential impact due to <i>disability</i>?								
	NO							
What evidence exists for this?	<p>Workforce data shows a breakdown as follows:</p> <table border="0"> <tr> <td>Chief Officers</td> <td>nil declaring a disability</td> </tr> <tr> <td>Lowest paid</td> <td>7% declaring a disability (38% not stated)</td> </tr> <tr> <td>Total organisation</td> <td>4 % declaring a disability (69% not stated).</td> </tr> </table> <p>Whilst there is a disparity between the chief officer group and the lowest paid, when compared with the disability break down of the organisation (4% declaring a disability) the disparity would not be seen significant enough to warrant further investigation. This will be monitored on a regular basis.</p>		Chief Officers	nil declaring a disability	Lowest paid	7% declaring a disability (38% not stated)	Total organisation	4 % declaring a disability (69% not stated).
Chief Officers	nil declaring a disability							
Lowest paid	7% declaring a disability (38% not stated)							
Total organisation	4 % declaring a disability (69% not stated).							
9. Are there concerns that there <u>could</u> be a differential impact due to <i>gender</i>?		There is potential for an adverse impact for females within the senior officer group.						
	NO							
What evidence exists for this?	<p>Workforce data shows that within the group of chief officers there is a 60% male : 40% female ratio. This would indicate that in terms of gender equality (within that group) there is not a significant differential.</p> <p>However, when compared to the make-up of the total workforce (29% male : 71% female) there is a significant difference in terms of a balanced gender representation within the senior officer group.</p> <p>Those in the lowest paid group is more comparable with the total workforce with 24% of employees are male and 76% female.</p>							

<p>10. Are there concerns there <u>could</u> be a differential impact due to <i>sexual orientation</i>?</p>	<p>NO</p>	<p>Brief statement of main issue</p>
<p>What evidence exists for this?</p>	<p>Sufficient workforce data is not available to enable any meaningful analysis to be undertaken. The Pay Policy Statement 2015/16 indicates that there is no significant difference between the application of the pay policy for either chief officer or the lowest paid as the majority of policies are applicable to all employees. It could therefore be concluded unlikely that there potential for differential impact due to sexual orientation.</p>	
<p>11. Are there concerns there <u>could</u> be a have a differential impact due to <i>religion or belief</i>?</p>	<p>NO</p>	<p>Brief statement of main issue</p>
<p>What evidence exists for this?</p>	<p>Sufficient workforce data is not available to enable any meaningful analysis to be undertaken. The Pay Policy Statement 2015/16 indicates that there is no significant difference between the application of the pay policy for either chief officer or the lowest paid as the majority of policies are applicable to all employees. It could therefore be concluded unlikely that there potential for differential impact due to religion and/or belief.</p>	
<p>12. Are there concerns there <u>could</u> be a differential impact due to people's <i>age</i>?</p>	<p>YES</p>	<p>Workforce data shows those under the age of 40 are significantly under-represented in both the senior pay and lowest pay groups.</p>
<p>What evidence exists for this?</p>	<p>Workforce data shows a breakdown as follows: Chief Officers 0% aged under 40 Lowest paid 20% aged under 40 8% aged under 24 Total organisation 36% aged under 40 7% aged under 24.</p> <p>The overall organisational demographic shows an ageing workforce. The council has made a commitment to take positive action measures to assist with its workforce planning to attract into its service younger people. It has regard to the age profile of its current staff and the under-representation of those within the 16-24 age range.</p>	
<p>13. Are there concerns that there <u>could</u> be a differential impact due to <i>being transgendered or transsexual</i>?</p>	<p>NO</p>	

<p>What evidence exists for this?</p>	<p>Sufficient workforce data is not available to enable any meaningful analysis to be undertaken. The Pay Policy Statement 2015/16 indicates that there is no significant difference between the application of the pay policy for either chief officer or the lowest paid as the majority of policies are applicable to all employees. It could therefore be concluded unlikely that there is potential for a differential impact against any employees who are being transgendered or who are transsexual.</p>	
<p>14. Are there any <i>other</i> groups that would find it difficult to access/make use of the function (e.g. speakers of other languages; people with caring responsibilities or dependants; those with an offending past; or people living in rural areas)?</p>		<p>If yes, which group(s)?</p>
	<p>NO</p>	
<p>What evidence exists for this?</p>	<p>Sufficient workforce data is not available to enable any meaningful analysis to be undertaken. The Pay Policy Statement 2015/16 indicates that there is no significant difference between the application of the pay policy for either chief officer or the lowest paid as the majority of policies are applicable to all employees.</p>	
<p>15. Are there concerns there <u>could</u> be a have a differential impact due to <i>multiple discriminations</i> (e.g. disability <u>and</u> age)?</p>	<p>YES</p>	<p>In relation to part-time and full-time employees.</p>
<p>What evidence exists for this?</p>	<p>Workforce data indicates that there are no part-time employees in the chief officer group compared to the lowest paid group where 100% of employees work part-time; of which 76% are female.</p> <p>This shows that the majority of employees on the lowest grade are female and part-time.</p> <p>This would also indicate that females in the most senior roles are less likely to work part-time.</p>	

Conclusions & recommendation		
16. Could the differential impacts identified in questions 7-15 amount to there being the potential for adverse impact?		<p>The most significant potential for adverse impact is in relation to age as the council is under-represented in the younger age groups.</p> <p>Potential adverse impact has been highlighted primarily for those in the senior officer group in relation to:</p> <ul style="list-style-type: none"> - the potential of being employed within the senior officer group as a female; and - the potential for a part-time female employee being employed within the senior officer group. <p>Generally data relating to employees within the lowest grade are comparable with that of the make-up of the total workforce.</p> <p>However, it also indicates that the majority of employees in the lowest grade are female part-timers.</p>
	NO	
17. Can the adverse impact be justified on the grounds of promoting equality of opportunity for one group? Or another reason?		
	NO	
Recommendation to proceed to a full impact assessment?		
NO	This policy complies with the requirements of the legislation and there is evidence to show this is the case.
