Impact on Service - please include:-

- 1. Information on the structure within this function indicating numbers of posts of the same type and how many corresponding vacancies eg 20 care workers 2 posts vacant.
- 2. Impact on the service if this post is not filled, with particular reference to services to the public.

We urgently need an additional childcare locum to support the team.

Care proceedings cases have reduced from 117 (3 quarters ago) to 47 last quarter, increasing again at the end of November to 66. Some of these are very complex.

We gave notice to one locum in October given the case reduction. We gave notice to a second locum who left on 8th December, which we would have managed if the cases had remained around 50.

In addition to the care proceedings cases we have 22 Pre-Proceedings Matters and 30 "other" cases in proceedings. The lawyers tend to carry the care and other proceedings matters so they have an average caseload of 15 which is high, even with the valuable support of paralegals. Some paralegals are also carrying care cases to

assist the lawyers.

We have a particularly complex and time consuming case at present, which involves a risk assessment on staff safety.

We are also in the process of pursuing civil injunctions to protect Medway staff. The locum who left yesterday was dealing with this case. It had been our intention that Sameera Khan, our Assistant Head of Legal, would take on the case due to the complexity but it would be difficult given the current case load in the child care team.

Initial 4 week approval for recruitment to this post provided by Carrie McKenzie.

Budget Issues

Impact on Service – please include:-

- 1. Information on the structure within this function indicating numbers of posts of the same type and how many corresponding vacancies e.g. 20 care workers 2 posts vacant.
- 2. Impact on the service if this post is not filled, with particular reference to services to the public.

The main function of the Access to Resources Team is to allocate requests for care packages for adults in need of care. Referrals need to be processed in a timely manner to avoid delayed discharges from hospital and to prevent admission/readmission of clients in the community.

The team is in the process of moving towards a fully functioning brokerage team in accordance with recommendations by Newton Europe, thereby increasing the workload of the team.

As a small team with only 2 Placement Officers it is essential to run the team at full capacity in order to avoid delayed discharges from hospital and to manage the increasing workload.

With Winter approaching this is a crucial facet of the Council's provision.

- 2. Impact on the service if this post is not filled, with particular reference to services to the public.

Request to fill two vacant Head of Service posts in Adult Social Care. These have become vacant following restructure and unsuccessful internal recruitment. There are only two head of service posts in adult social care.

Budget Issues

Please indicate:

- 1. the realisable savings if this post remained vacant until the 31st March 2016.
- 2. If any savings could be achieved by alternative ways of providing the service.

No savings as these vacancies are currently covered by temporary interim agency staff, these are essential posts to lead the next phase of service redesign.

Please specify the funding source for this post:

Impact on Service - please include:-

- 1. Information on the structure within this function indicating numbers of posts of the same type and how many corresponding vacancies eg 20 care workers 2 posts vacant.
- 2. Impact on the service if this post is not filled, with particular reference to services to the public.

Partnership Commissioning Division has recently been restructured to become the Commissioning, Business and Intelligence Division. This post is one of four Senior Partnership Commissioners and has become vacant following the previous post holder leaving the Council. All four posts are jointly funded between the Council and the CCG.

This portfolio is responsible for key pieces of commissioning work for vulnerable adults such as Dementia and Day Care services. If this post is not filled, this will represent a deficit in operational support of Medway's Better Care Fund Plan and its associated projects, which improve outcomes for vulnerable adults across the local populace, and will also adversely impact on the work of the PMO to which is now linked.

Budget Issues

Please indicate:

- 1. the realisable savings if this post remained vacant until the 31st March 2016.
- 2. If any savings could be achieved by alternative ways of providing the service.

The current post holder is employed on a basic salary of £40,985. Savings possible should this post remain vacant until March 2016 are £19,833.35, however as this post is 50% jointly funded with the CCG, a realised amount is £9,916.68 for the Council. However if this role does remain vacant it is likely that the Head of Adults' (25+) Partnership Commissioning and BCF and the Programme Lead Specialist Services would have to absorb the Senior Commissioning Officer post's work. This means that approximately quarter of the Head of Service's time and half of the current Programme Lead's time would be spent on this work. Therefore this would be a cost of £7,432.75 (based on current salaries of £59,361 and £44,647 across five months). This total savings for the Council across five months would be £1,241.97 should this role be kept vacant.

- 2. Impact on the service if this post is not filled, with particular reference to services to the public.

This will be a single stand-alone post within the Integrated Transport Service reporting directly to the Head of Service. The post will be responsible for project managing and monitoring four Local Growth Fund projects (Strood journey time improvements, Medway City Estate accessibility, A289 network improvements, Medway cycle action plan). This will include budget monitoring, delivery timescale monitoring, raising and dealing with issues, undertaking required communications with stakeholders, and reporting on project progress. The post will also be required to work with the Local Growth Fund team, reporting on progress and providing necessary updates for the South East LEP.

The aforementioned LGF projects are already underway and will receive a total of £24.6million of government funding up to the scheduled project completion date of April 2018. This role will be essential in ensuring these projects are successfully delivered and the resulting outcomes (economic growth, improvement in transport services, improved traffic flows, etc) achieved.

Impact on Service - please include:-

- 1. Information on the structure within this function indicating numbers of posts of the same type and how many corresponding vacancies eg 20 care workers 2 posts vacant.
- 2. Impact on the service if this post is not filled, with particular reference to services to the public.

We are requesting to cover a permanent FTE post whilst this member of staff goes on maternity leave for a 12 month period in order for the parking processing appeals team to continue to run smoothly and deliver the same service.

Parking currently deal with over 1400 appeals per month and this post is a key role in this

process and directly deals with this workflow. This post deals with around 400 appeals per month,

each valued at an average of £60, therefore if this post was left vacant it could cost the parking account over £24,000 per month.

This post is dealing with all types of appeals within the Parking Processing Appeals team. To not fill this post will mean appeals will not be responded to within the specified Council time scales and also time scales set by the Traffic Management Act legislation and could result in parking tickets having to be cancelled. The parking team also deal with a high volume of telephone calls on a daily basis, responding to these calls will be affected and extra pressures will be placed on other existing team members. This post directly assists with the parking collection rates for the authority, our appeals process is dictated by government legislation that has installed timeframes in which we must respond to a parking appeal, if we miss this timeframe we would be forced into a position of cancelling the PCN and thus losing that source of income. If this post were not to be covered this would create a backlog of outstanding appeals and would place us in a vulnerable position of having to cancel PCN's that were legally issued. In addition to this if this post were not to be covered we would not be in a position to take as many PCN payments over the telephone, which will also reflect in our income collection and could lead to an influx in complaints.

Approval is sought to fill this post.

Budget Issues

Please indicate:

- 1. the realisable savings if this post remained vacant until the 31⁵¹ March 2017.
- 2. If any savings could be achieved by alternative ways of providing the service.
- 1. We expect to fill this post at the start of the grade, which is £15241. Therefore the saving for this post if it remained vacant would be £2,540.

1FTE post deals with around 400 appeals per month, each valued at an average of £60, therefore the income produced from this post is over £24,000 per month.

Please specify the funding source for this post: This will be met from existing budget provision.
