#### Impact on Service – please include:-

- Information on the structure within this function indicating numbers of posts of the same type and how many corresponding vacancies – e.g. 20 care workers 2 posts vacant.
- 2. Impact on the service if this post is not filled, with particular reference to services to the public.

The Information Governance team currently consists of two Information Governance Officers (IGO) and the Information Governance Manager (the latter is a shared post across Medway and Gravesham Councils).

This request is to extend the initial authorisation for one temp in the Information Governance Team within Legal Services to cover vacancies. A temp was urgently needed to cover a vacancy for one IGO and this now needs to be extended until the end of November to cover a period of recruitment.

While the other IGO has returned from long term sick leave, which prompted the original recruitment, we now have approvals to recruit an IG Apprentice and are seeking approval to recruit an IG Paralegal, due to the volume of work created for the team by the GDPR (General Data Protection Regulations) which come into effect in

May 2018.

Our recruitment round for an Apprentice was unfortunately unsuccessful. 2 of the 3 candidates invited to interview failed to attend the interview. The one remaining candidate was extremely well suited but turned down the post to take up another.

Without a temp in place the Information Governance Team while we recruit would not be able to provide the necessary support regarding Freedom of Information, Data Protection and Subject Access Requests, which needs to be dealt with appropriately or within timescales prescribed in the legislation:

- Freedom of Information requests must be responded to within 20 working days.
- Subject Access Requests must be responded to within 40 calendar days.

A breach of the legislation could result in financial sanctions for the Council (up to £500,000), additionally, any sanctions imposed by the Information Commissioners Office are published on its website and thus would also cause reputational damage to the Council.

#### **Budget Issues**

Please indicate:

- 1. the realisable savings if this post remained vacant until the 31<sup>st</sup> May 2017.
- 2. If any savings could be achieved by alternative ways of providing the service.

While financial savings could be made by not recruiting to the IGO post these savings could be wiped out by just one sanction against the Council if it delays matters. There is no capacity within the team to absorb the work.
