How co-production supports innovation

Supports everyone caring for someone else

Contains the fundamental care elements to keep people well, and out of hospital (nutrition, hydration, skin integrity etc.)

Building on success:

Innovation;

- Mobile digital solution
- Ease of access

Quality;

- Consistency of Practice across Kent and Medway
- Early detection of deterioration in health
- Access to standardised Education and Training
- Can be easily and centrally updated
- Information on services in each locality

Co-production Session

“Wow, it’s amazing how far our initiative has travelled. It is so rewarding to know other areas have found it valuable and have been able to adapt and use it. It makes all those early frustrating days of pushing for funding worthwhile”.

Helen Rignall
Primary Care Workforce Tutor
