

This audit is broken down into two areas. One area being the public space cameras now overseen by the Community Safety Team and the other being the car park camera stock managed by the Parking Team.

The rationale for including the open air car park cameras is their natural proximity to retail and transport hubs.

### Public space cameras

There are currently a total of 121 cameras in this estate

	Total current cameras	Non-operational cameras	Priority Cameras to repair Phase 1	Minimum cost of repair Phase 1	Priority Cameras to repair Phase 2	Minimum cost of repair Phase 2
