

Appendix 1 – List of Relevant Agencies included in the Medway Safeguarding Children Partnership arrangements

Relevant agencies are those organisations and agencies whose involvement the safeguarding partners consider is required to safeguard and promote the welfare of local children

The safeguarding partners must set out in their published arrangements which organisations and agencies they will be working with to safeguard and promote the welfare of children, and this will be expected to change over time if the local arrangements are to work effectively for children and families. A list of relevant agencies is set out in regulations.
