1 Summary description of the proposed change

- What is the change to policy / service / new project that is being proposed?
- How does it compare with the current situation?

Medway Council is a responsible authority of the Community Safety Partnership (CSP) under the Crime and Disorder Act 1998. The Act places a statutory duty on the local authority to work with other responsible authorities to develop and implement a strategy for reducing crime and disorder.

Under section 17 of the Crime and Disorder Act 1998, the Council has a statutory duty to do all that it reasonably can to reduce crime and disorder in its' area when exercising its functions. The Crime and Disorder Act also places a statutory duty on the Council, along with the other Responsible Authorities (Kent Police, Clinical Commissioning Group, Kent Fire and Rescue Service, Kent, Surrey and Sussex Community Rehabilitation Trust), to produce an annual Strategic Assessment which identifies crime and disorder priorities for our area.

Once priorities have been identified a Community Safety Plan is written. This is a policy framework document. The plan has been approved by the Strategic Executive Group of the CSP, and has passed through Overview and Scrutiny. This plan needs to have regard for the police and crime objectives set out in the Police and Crime Commissioners (PCC) police and crime plan and will be shared with the PCC.

Previous CSP Priorities –

- Strengthening communities
- Supporting victims and tackling offenders of sexual and domestic abuse
- Tackling the harm caused by substance misuse
- Reducing re-offending
- Commitment to safeguarding and improving services

New CSP Priorities

- Safeguarding Adults and Children
- Reducing Vulnerability
- Reducing Re-offending
- Listening to our Communities and Partners

2 Summary of evidence used to support this assessment

- Eg: Feedback from consultation, performance information, service user records etc.
- Eg: Comparison of service user profile with Medway Community Profile

The Medway Community Safety Strategic Assessment is a report produced annually. It gathers research, evidence and intelligence both local and national, as well as drawing on the professional expertise of those working locally. It is a joint partnership document and is designed to be a point of reference and guidance to resource community safety initiatives among partner agencies across the county.

Feedback was used in the formulation of the plan from the CSP Consultation forms as well as at formal consultation events held annually by the CSP.

3 What is the likely impact of the proposed change?

Is it likely to :

- Adversely impact on one or more of the protected characteristic groups?
- Advance equality of opportunity for one or more of the protected characteristic groups?
- Foster good relations between people who share a protected characteristic and those who don't?

4 Summary of the likely impacts

- Who will be affected?
- How will they be affected?

The CSP Plan and identified priorities are there to achieve a positive rather than negative impact. Minority and vulnerable groups will continue to be protected by this plan. All groups will benefit – individual action plans underpin each of these priorities with an overarching aim of protecting all sections of our community. The priorities are aimed at protecting the groups this DIA identifies.

The CSP Plan focusses on supporting those at risk of harm, for example the vulnerable and repeat victims.

Within the CSP Action Plan there is a focus at addressing Child Sexual Exploitation, Domestic Abuse, Human Trafficking, Cuckooing, Mental Health and Modern Day Slavery.

5 What actions can be taken to mitigate likely adverse impacts, improve equality of opportunity or foster good relations?

- What alternative ways can the Council provide the service?
- Are there alternative providers?
- Can demand for services be managed differently?

The CSP Plan is a statutory requirement on Medway Council and it's partner agencies. The plan is not just delivered by Medway Council but in partnership with it's statutory partners.
