## **7 APRIL 2020**

## RECRUITMENT FREEZE

Portfolio Holder: Councillor Alan Jarrett, Leader

Report from: Neil Davies, Chief Executive

Author: Samantha Beck-Farley, Head of HR

#### Summary

This report brings forward several posts to be considered for approval.

## 1. Budget and Policy Framework

1.1 It is the responsibility of Cabinet to manage income and expenditure to remain within the budget approved by Council.

## 2. Background

- 2.1 At Cabinet on 7 January 2003 Members agreed a process by which directors could request approval to fill posts that are not on the list of exempted posts agreed by Cabinet on 10 December 2002. This process was introduced at a time of high concern about overspending as one measure to assist budgetary control. Members have indicated they wish to retain this direct detailed control of recruitment decisions while budgets remain difficult to manage.
- 2.2 The posts requiring approval to fill are being presented to this Cabinet with the following information: -
  - Details of the post including directorate and section, post title, grade and location.
  - Length of time post has been vacant.
  - Impact on service if the post is not filled with particular reference to services to the public.
  - Numbers of posts of this type within the function.
  - Realisable savings including any proposals to provide the service in alternative ways, which could also lead to savings.
  - Comments from the relevant portfolio holder.

# 3. Details of the post requiring approval

3.1 The following posts are coming forward for approval, the details of which are shown at Appendix 1: -

### Regeneration, Culture & Environment:

Adaptations Technical Assistant
Bikeability Officer (x2)
Administrative Support Officer
Guardians of the Deep Project Officer
Customer & Business Support Senior Officer (x1)
Customer & Business Support Officers (Gun Wharf) 6.42 FTE
Customer & Business Support Officers (Kingsley House) 7.81 FTE

#### Children & Adults:

Senior Public Health Researcher
Senior Partnership Commissioner
Youth Offending Team Information & Analysis Officer
Senior Commissioning Officer
Data & Monitoring Officer
Principal Social Worker (Head of Quality and Specialist Services)

#### **Business Support:**

FM and Compliance Manager Senior Valuation Surveyor (Temp) Lawyer – Place Paralegal

3.2 The forms attached are email copies and the signed copy, job profile and structure chart is held in HR Services.

#### 4. Risk management

4.1 In order to assess the potential impact of posts upon the council's ability to achieve its strategic objectives, the attached forms include details of the likely impact on the service should the posts not be filled.

## 5. Financial and legal implications

- 5.1 The recruitment freeze was instigated to support the realisation of savings against the background of a forecast of a significant overspending. It remains important to ensure that where possible the drive to pursue savings continues. It is important that no cover is taken on to fill any posts which have not been identified as exceptions or been given Cabinet approval to be filled.
- 5.2 There are no legal implications arising from this report at this stage.
- 5.3 The posts will be filled in accordance with the Council's recruitment policies.

#### 6. Recommendation

6.1 The Cabinet is asked to agree to unfreeze the posts as set out in Appendix 1 to enable officers to commence the recruitment process.

# 7. Suggested reason for decision

7.1 The posts presented to Cabinet will support the efficient running of the Council.

2x Bikeability Officers [zero hour contract]

Request for two Bikeability Officers to be employed on a zero hour contract basis, to facilitate the delivery of Bikeability Level 1 & 2 and Bikeability Balance courses within Medway school settings. NOTE: With the exception of holiday courses, staff training and occasional community events, course delivery will take place during school term time.

# Service reorganisation

Is this request to recruit as a result of a
reorganisation within the service or directorate?

#### Impact upon the service if this post is not filled

These posts will be funded via the agreed DfT Bikeability grant, with Medway Council having secured up to £49,115.00 during the 2019/20 financial year and the same allocation again in 2020/21. The total eligible funding claim is dependent on the number of children having received these courses [£40 per child for Bikeability Levels 1 and 2 and £25 per child for Bikeability Balance delivery] over the funding duration and therefore it is within the interests of the local authority to maximise course delivery numbers. Lack of Bikeability Officer capacity directly impacts the ability to deliver courses, which in turn impacts the (income) claim value.

Bikeability aims to encourage everyday cycling by developing the skills, knowledge and understanding needed for effective and confident on-road cycling. The primary purpose of Bikeability is to 'get more people cycling more safely, more often' and aligns with council plan priorities and associated policy.

At present Medway Council have 7 Bikeability Officers in place, however one of these has recently issued their resignation and 5 of the remaining 6 instructors are unable to commit to a full-time schedule, presenting difficulties with fulfilling course bookings.

A minimum of two Bikeability Officers are required to deliver a course and therefore it is within the authority's interests to maximise instructor availability in order to achieve the intended

delivery and funding potential and to minimise course cancellation wherever possible. An additional two Bikeability Officers employed on a zero-hour contract would help to overcome this issue. This would provide additional course instructor capacity, and therefore greater likelihood of achieving the maximum available income via the DfT Bikeability grant.

#### Service reorganisation

Is this request to recruit as a result of a
reorganisation within the service or directorate?

### Impact upon the service if this post is not filled

We are looking to recruit a part-time administrator to support the team with the additional work following the implementation of the new management information system EBS. The admin team is a key function within Medway Adult Education, supporting the programme delivery, dealing with all learner enquiries and enrolments and administering all aspects of administration, including financial transactions e.g. processing invoices for services or goods received, raising invoices for fees, following up outstanding balances etc. and supporting the data team to ensure all data input is accurate and timely which is required by the funding agency, Education and Skills Funding Agency. Failure to recruit to this post will mean inadequate staffing available to process enquiries and enrolments and the financial administration for the service. This could impact on future funding allocations from the ESFA, as reduced enrolments could lead to clawback and on the quality of provision, which could affect future Ofsted inspections.

#### **Team structure information**

Information on the structure within this function indicating the number of posts of the same type and how many corresponding vacancies

The post sits within the Medway Swale Estuary Partnership and is currently funded through the Heritage Lottery Fund until the end of December 2019, to deliver the Guardians of the Deep project. Due to an underspend within the project, we have been given permission by HLF to extend the project officer's post until the end of April 2020. This will be entirely funded through our existing HLF grant.

## Impact upon the service if this post is not filled

The impact of not filling this vacant post would be as follows:

- Lack of call monitoring and quality assurance on social care telephony
- Unable to develop and motivate team
- Unable to audit, check and amend processes to ensure they remain up to date (particularly important in the area of support for social care where this CABS vacant sits)
- Officers unable to handoff call escalations
- Well-being support for staff (1:1s and sickness or other support)
- Unable to provide adequate 1:1 support or cover for CABS officers at the integrated discharge service at Medway Maritime Hospital
- · Unreasonable demands upon other managers.

### Impact upon the service if this post is not filled

The Customer and Business Support teams support a variety of customers and services and the impacts would be as follows if we do not recruit:

- Blue Badge processing timescales not being met (direct impact on our customers)
- Statutory timescales not met and direct impacts on our customers in relation to processing of work associated with:
- Environmental Protection (health risks);
- Planning applications;
- Noise Nuisance complaints;
- Environmental Information Regulations;
- Solicitors' enquiries:
- Risk of urgent safeguarding and other cases not being processed as urgently as they should and/or unable to provide Adult Social Care minute takers for important safeguarding meetings.
- Decline in telephony performance
- Reputational damage
- Complaints
- Social Media comments
- Poor customer experience
- Work related pressure for other colleagues
- Poor service to internal customers impacting front line officers (such as Environmental Protection officers, Adults' Social Workers, Planning)
- Poor customer experience.

#### **Team structure information**

Information on the structure within this function indicating the number of posts of the same type and how many corresponding vacancies

This is a new post, funded for one year by funds from the National Institute for Health Research. The post will add capacity to develop research funding bids. There are no current posts within the team of this type.

A copy of the structure chart is attached.

## Service reorganisation

Is this request to recruit as a result of a	No
reorganisation within the service or directorate?	

## Impact upon the service if this post is not filled

If this post is not filled it will reduce the ability of the council to obtain future external funding from health research sources. This will also reduce the capability of the Council to develop more in-depth insight into the health and wellbeing needs of the population of Medway. If the post is not filled the funds received for this post would have to be returned to the National Institute for Health Research.

#### **BUDGET ISSUES**

#### SERVICE IMPACT

#### **Team structure information**

Information on the structure within this function indicating the number of posts of the same type and how many corresponding vacancies

Within the children and families programme, there is one range 7 programme lead, one range six senior partnership commissioner (this vacancy) and one range four partnership commissioner.

## Service reorganisation

Is this request to recruit as a result of a	No
reorganisation within the service or directorate?	

## Impact upon the service if this post is not filled

This post is part of the partnership commissioning team and is funded jointly by Medway Council and NHS Medway CCG as part of the better care fund.

There is currently a vacant post in the children's partnership commissioning team, and insufficient capacity to effectively lead on all elements of commissioning work within the programme area. The programme area has commissioning responsibility for the following areas of work, and is currently staffed by one range 7 programme lead, and one range 4 partnership commissioner:

- Children's community health services for example children's therapies, community nursing, audiology, paediatric assessment
- Short break services
- Children's acute health services for example emergency care, critical care, diabetes care
- Services linked to special educational needs and disabilities (SEND) for example augmentative and alternative communication support
- End of life care for children
- Management of voluntary sector contracts
- Assistive reproductive technologies across Kent and Medway
- Joint working processes in relation to SEND
- System-wide support for Autism and ADHD
- Commissioning SEN transport services
- Ensuring close joint working with universal health services commissioned by Medway Council

Early years training and support

This role is required to replace the previous post holder. The role will take a lead on contract management for the MCH children's community health service, and will have a number of responsibilities for ensuring joint working between stakeholders is progressed to optimally deliver outcomes for children.

The role fully supports the Council's priority of Supporting Medway's people to realise their potential, and its associated outcomes. Without filling this post, there will be an ongoing capacity shortage within the children's commissioning team, and a significant risk that outcomes for children and families in Medway will suffer detriment as a result.

#### **BUDGET ISSUES**

## Savings that would be realised if this post remained vacant until the end of the financial year

£2,243 (costs are split 50% with CCG)		

#### Savings that could be achieved by providing the service in alternative ways

None.

There is no capacity in this very small team to share the workload any further. Currently the vacancy is being covered by not undertaking some tasks – as this is a shared post this poses a risk to CCG and Council.

#### **Funding for this post**

Internally funded
Via the better care fund, jointly funded with NHS Medway CCG.

reorganisation within the service or directorate?	

#### Impact upon the service if this post is not filled

Presently the Youth Offending Team has no capacity to analyse information, to detect trends and themes in young peoples offending. This severely inhibits the capacity of the team to respond effectively to young people's offending in the community.

#### **BUDGET ISSUES**

## Savings that would be realised if this post remained vacant until the end of the financial year

Range 4: £25775 - £31385. Post is 2 days a week. This could generate a saving between £10,310 - £12554 (this does not include on costs).

#### Savings that could be achieved by providing the service in alternative ways

There is no alternative way. The performance and information team were tasked with delivering this work, but were not able to do so effectively. The information requirements are specific and particular and require a specialist provision to be developed.

## Funding for this post

Funding source for this post	Internally funded
Describe how this post is funded	The youth offending team is funded by the Youth Justice Board and the local authority. This is the make up of this years budget.  Local Authority Contribution – £308,194 Youth Justice Board contribution - £305,104. Police Crime Commissioner contribution- £90,353  It is not possible to state that this is an externally funded post in that the Youth Offending Team salaries are funded from all of the above contributions.

#### SERVICE IMPACT

#### **Team structure information**

Information on the structure within this function indicating the number of posts of the same type and how many corresponding vacancies

This is a one of its kind post. It provides support to the whole of the children's commissioning team but mainly to the external placements team and commissioners for Looked After Children and Care Leavers. It is a critical post for the rapid processing and accurate payment of providers.

A copy of the structure chart is attached.

#### Service reorganisation

Is this request to recruit as a result of a	No
reorganisation within the service or directorate?	

#### Impact upon the service if this post is not filled

Without this post we cannot process pay runs for providers of externally commissioned services. This means that any discounts, inaccuracies or reclaims cannot be actioned. We would be unable to pick up on duplicate payments, payment problems or other issues that need resolving. Not only would this results in overpayments by Medway Council, an increased workload for finance officers to address these problems, but also a seriously negative impact on Medway's reputation which would prevent us from accessing good deals in the marketplace.

The lack of this officer would also lead to placement officers having to fill the gap which mean that placements would not be given the same focus and this could have seriously damaging consequences for the children and young people quite apart from an escalating cycle of cost for Medway Council.

There would also be a significant increase in the amount of time expensive senior staff have to spend undertaking more junior administrative tasks which is not cost effective and reduces the time which should be spent on systemic improvements.

#### **BUDGET ISSUES**

## Savings that would be realised if this post remained vacant until the end of the financial year

None. The non-payment of the salary would be dwarfed by the additional costs not
recuperated from the system.

## Savings that could be achieved by providing the service in alternative ways

There is no other way than to have a dedicated team member focussed on ensuring that external finances are working properly.

#### SERVICE IMPACT

#### **Team structure information**

Information on the structure within this function indicating the number of posts of the same type and how many corresponding vacancies

The valuation & asset management team deals with all valuation and property transactions matters for the council. It brings in millions in capital and revenue each year. The team should have 3.8FTE senior valuation surveyors (SVS's) and the Head of service and property systems manager. But 1 FTE of these SVS's is on long term secondment to regeneration. This post is through the agency to backfill some of the void left by the secondment by employing someone 16 hours per week that has recently retired from the council so knows exactly how to deal with the work.

#### **Service reorganisation**

Is this request to recruit as a result of a	No

#### SERVICE IMPACT

#### **Team structure information**

Information on the structure within this function indicating the number of posts of the same type and how many corresponding vacancies

There are 7 lawyers within the team one post will be vacant when this post-holder leaves, the structure was approved last year and a reduced structure implemented as of late summer.

#### Service reorganisation

Is this request to recruit as a result of a	No
reorganisation within the service or directorate?	

#### Impact upon the service if this post is not filled

This particular post has a pivotal role in delivering on the Council's commercial and regeneration aims, they have worked to deliver projects including the new statutory waste service and on the Council's companies, leaving the post vacant would mean that significant pieces of work would need to be undertaken by external solicitors at a much greater cost to the authority. in light of this, authority is also sought for a locum lawyer to cover the recruitment period, the intention is to extend the contract of an existing placement who has been covering maternity leave to ensure continuity of cover for high profile projects.

#### **BUDGET ISSUES**

## Savings that would be realised if this post remained vacant until the end of the financial year

None as large pieces of work would need to be outsourced to external legal firms at a significantly higher cost. For this reason approval is also sought for a locum lawyer to cover the recruitment period and ensure that these projects receive continuity of care.

## Savings that could be achieved by providing the service in alternative ways

See above unfortunately due to the nature of the work undertaken alternative delivery via external lawyers would be at a significantly higher cost.

Service Manager comments	It is vital that we have temporary cover for this post while we recruit and are keen for an existing locum who has the requisite skills to remain. We have had varying quality of locums, this locum is due to end their contract when a staff member returns from maternity leave in May and is an ideal candidate to take on this new vacant post.

#### **Team structure information**

Information on the structure within this function indicating the number of posts of the same type and how many corresponding vacancies

There are only two paralegal posts within the team one of which will now be vacant.			

#### Service reorganisation

Is this request to recruit as a result of a	No
reorganisation within the service or directorate?	

#### Impact upon the service if this post is not filled

If the post is not filled it will have a significant impact upon the team's ability to continue to deliver the service including statutory duties such as the Right to Buy. It would have a knock on effect on the team's ability to deliver on corporate priorities particularly in relation to regeneration and highways.

Additionally, the intention is that this post will be advertised internally rather than externally which provides career progression and increases staff retention.

#### **BUDGET ISSUES**

## Savings that would be realised if this post remained vacant until the end of the financial year

There would be very limited savings achieved as the team would need to look to recruit a locum member of staff at significantly higher cost than a permanent recruitment. However, the intention is to fill this post internally and assess whether back fill is needed at a later date which will generate some savings if recruitment is permitted.

#### Savings that could be achieved by providing the service in alternative ways
