RE: The Hop & Rye Micro Pub - Wainscott.

I would like to share my views in regard to the above micro pub.

Myself & my family have been regular visitors since the opening in December 2019.

The staff have always made us to feel welcomed and provide a warm & friend greeting.

I must say how nice it is to have such a place to visit in Medway, with so many other venues closing.

Now being in our later years it nice to have a relaxing place to go after work and enjoy a drink & chat with the other customers.

We have always felt safe, during the summer as the venue was set out well, so we could social distance, while still enjoying a drink. Such so we felt confident to take our elderly parents to enjoy a drink. (a big well done to all the staff).

The staff welcome pets and we enjoy calling in while walking our dog, who always gets a biscuit.

We are looking forward to our next visit
Kind Regards.
