

Summary of proposed Levelling-Up Fund Round 2 bids

Project Name	Project Partner	Approximate Value / Source of Match	Summary
<p>Innovation Park Medway: Gateway Building, Southern Site, and Green Infrastructure (Working title)</p>	<p>Medway Council</p>	<p>LUF sought: c. £20m</p> <p>Match Source: £14m Medway Council</p>	<p>The Gateway Building will offer high-quality innovation-based commercial space at the heart of IPM and will act as a flagship attractor to the wider site. The building will include incubator space as well as traditional office accommodation and ancillary facilities such as conferencing and breakout space.</p> <p>The IPM Southern Site is currently being developed for potential inclusion within the bid.</p> <p>Elements of green infrastructure to consider net-zero and climate change objectives, and to future-proof the site are being considered for potential inclusion within the bid.</p>
<p>Gillingham: Open Lines (Working title)</p>	<p>Medway Council</p> <p>Peel Land and Property</p>	<p>LUF sought: c. £20m</p> <p>Match Source: £2m Medway Council</p> <p>Peel Land and Property</p>	<p>This project is comprised of the following linked components:</p> <p>The overarching principle is Active Travel: the objective is to connect the communities in and around Gillingham and the surrounding area through the High Street and below Greenway.</p> <p>Greenway: this will create a 1.4km pedestrian and cycle connection between the Gillingham waterfront and town centre following the line of the disused railway. It will improve access to the town centre (and between existing communities) and become a green destination in its own right. Previously submitted to LUF Round 1.</p> <p>High Street Empty Property Activation Scheme: the activation of vacant High Street unit/s for commercial and community re-use will animate the High Street by boosting vibrancy and increasing footfall and diversifying the high street offer.</p>
