1. Budget and policy framework

- 1.1. The Council Plan 2022/23 was agreed at Full Council in February 2022. It sets out the Council's three priorities and six values which aim to deliver these priorities. It includes the measures we use to track performance. These measures are refreshed annually.
- 1.2. Risk management is an integral part of good governance. The Council recognises that it has a responsibility to identify and manage the barriers to achieve its strategic objectives and enhance the value of services it provides to the community. The Cabinet has responsibility to ensure the effective operation of risk management in the Council.

- 14% (1 out of 7*) improved long term (average of previous 4 quarters)

4. Values

4.1 Performance Summary – Council Plan measures

There are 2 Council Plan measures:

- FIN 18: Unmodified VFM Conclusion from external auditors
- FIN 12: Unmodified audit opinion on statement of accounts

Both measures achieved target.

5. Risk management

5.1 Implementation of a performance management and risk framework allows the Council to evidence how successful it is in achieving against its stated objectives, and for residents it provides genuine accountability on how successfully the Council is administering its resources. The risk of inaccurate data being reported to Members is minimised through authorisation by Directorate and Corporate Management Teams. Assurance can therefore be placed on the accuracy of data used to assess performance. By reporting to Members, the risk of poor performance not being identified or addressed is minimised.

5.2 The Risk Management process helps the Council understand, evaluate and take action on all their risks. It supports effective decision making, identification of priorities and objectives and increases the probability of success by making the most of opportunities and reducing the likelihood of failure.

5.3 The Council's Risk Management Strategy incorporates and:

- promotes a common understanding of risk.
- outlines roles and responsibilities across the Council.
- proposes a methodology that identifies and manages risk in accordance with best practice thereby seeking to prevent injury, damage, and loss.

6. Financial and legal implications

6.1 There are no direct finance or legal implications arising from this report.

7. Recommendations

7.1 Members are asked to consider the Q1 2022/23 performance against the measures used to monitor progress against the Council's priorities and to note the amended Strategic Risk Summary as set out in Appendix 3.

7.2 Members are asked to consider the new style report.
