5. Performance Data Workshops

- 5.1 At the Committee's meeting on 5 March 2020, it was agreed a number of measures to maximise its involvement and impact in relation to the scrutiny of children's social care.
- 5.2 Part of those measures included the provision of detailed performance data to all members of the Committee on a monthly basis and for performance data workshops to be provided, in between Committees. The purpose of this is to strengthen the capacity for effective scrutiny of performance by providing an informal setting in which detailed analysis of the data can be undertaken. Members can then apply their increased knowledge and understanding to carry out an effective scrutinising role in main committee meetings and in task group activity.
- 5.3 The dates of upcoming workshops are in discussion and Members will be informed once finalised.

7. Implications for looked after children

- 7.1 Members should ensure they focus on outcomes for looked after children. This includes considering their physical health; their emotional health; their safeguarding; their educational attainment and progress; their hopes and aspirations for their adult lives and how looked after young people have their voices heard. We know that looked after children can be more vulnerable to sexual exploitation so particular attention should be given to this. As a corporate parent, Members should be a champion for looked after children and have the same high expectations of them as they would for their own child, grandchild, or niece/ nephew.

8. Financial and legal implications

- 8.1 There are no financial or legal implications arising from this report.

9. Recommendations

- 9.1 The Committee is asked to note the report and agree the work programme as set out at Appendix 1 to the report, subject to accepting the proposed changes, outlined in italic text on Appendix 1.
