SR03B	Finances		There has long been an inherent risk around the council's ability to deliver a balanced budget, however this becomes more challenging every year. The government has failed to address the under-funding of statutory services and it has still not delivered the long-awaited fair funding review, which would see a redistribution of the overall resources in favour of local authorities such as Medway. The government's continued reliance on one-year settlements has increased uncertainty and made medium term planning almost impossible. Demographic pressures in adult social care (ASC), children's care and Special Educational Needs and Disabilities (SEND) remain the biggest issue, but this has been further exacerbated by the impact and aftermath of Covid19, the 'cost of living crisis' precipitated by the war in Ukraine and rising inflation and interest rates. The latest monitoring forecasts an overspend of around £17m in the current year, whilst the council's non-earmarked reserves have been reduced to just over £10m. The Medium-Term Financial Outlook (MTFO) identifies a potential budget gap of £38m for next year. If robust and immediate management action is not taken, the current financial position could precipitate a Section 114 report, which could result in intervention by the government.	SR03B.01: Need to ensure effective response to the spending review, but also lobbying for greater local powers to raise revenues. Q2 23/24 UPDATE: The council engages in joint lobbying through F20 and other peer groups, but more recently the Chief Executive Officer wrote directly to the Secretary of State. Q1 23/24 UPDATE: The government has made it clear that the sector should expect to see a continuation of single year settlements for some time yet. SR03B.02: Align priorities and activity of the council to resource availability through the MTFS process. Q2 23/24 UPDATE: The Draft Budget allocated all additional resource to making provision for pay, with the balance going wholly to fund pressures in Children and Adults directorate. Q1 23/24 UPDATE: The council agreed a balanced budget in February, underpinned by some risky assumptions and challenging targets, however the real issue is the overspend forecast for 2022/23, which is expected to make a significant dent in general reserves. SR03B.03: Create resources for investment priorities. Q2 23/24 UPDATE: The council is exploring opportunities for property rationalisation, with a view to releasing capital receipts to fund investment priorities. Q1 23/24 UPDATE: The council has availed itself of the flexible use of capital receipts to fund transformation and both the Children's and Adults improvement programmes, however the lack of a pipeline of capital receipts means this opportunity is drying up. SR03B.04: Delivery of digital transformation programme Q2 23/24 UPDATE: A complete 'digital road map' is being developed for sign-off by Members. Q1 23/24 UPDATE:	AI	The key to improving the effectiveness of the council's financial planning and management is to address the uncertainty around future funding and improve the forecasting of cost pressures. The failure of central government to articulate how it intends to ensure the sustainability of local government has made this task virtually impossible, however the Finance Management team continue to work closely with colleagues within the Planning and Regeneration teams with a view to more accurately projecting future council tax and business rates. Recent global events continue to cause far-reaching impacts, not least on the council's financial sustainability, and has exacerbated how challenging it is to project future resources. However, it has also offered an opportunity and impetus to review the types of services we offer and the way we provide them.	CIII

				A complete 'digital road map' is being developed for sign-off by the Transformation Board in the new financial year.

				We stimulate the market during the commissioning of services. A new post has been created (Data Analyst and Policy Officer) to undertake the development of the Market Position Statement and the creation of a Joint Strategic Needs Assessment (JSNA) Chapter on Adults which will be the Adults Needs Assessment, a requirement for the development of the Market Position Statement and commissioning activity. We have an action plan to tackle the workforce challenges within the Residential and Care Home market. We are refreshing this plan in July 2023 with our partners in KCC and the ICB. <b>SR09A.05: Review and adjust service levels and</b> <b>placement costs as appropriate.</b> Q2 23/24 UPDATE: We continue to see significant pressures within the residential care market; we have seen a substantial rise in costs to make a placement. Whilst this is primarily older people with complex health issues, pressures continue throughout. Q1 23/24 UPDATE: We continue to see pressure in making placements across the sector and where we can make them, the overall placement cost is significantly higher. <b>SR09A.06: Unmet Need of Court of Protection</b> <b>COP3 Mental Capacity Assessments</b> Q2 23/24 UPDATE: Actions were put in place and this risk has now been eliminated. Discussions have been opened with the South East Local Enterprise Partnership (SELEP) regarding the risk of possible repayment of the grant due to the withdrawal of the HIF grant leading to the non-delivery of Four Elms improvements. Officers have prepared a strong case to retain the funding and to identify a funding route to deliver improvements at Four Elms. SELEP is due to make a formal decision in January 2024. The funding routes for IPM are being reviewed to address the impact of inflation. A review of partnerships (e.g., Locate in Kent (LiK)) is underway and the impacts of the same are being quantified. 	Q4-22/24 UPDATE:
	Government guidelines do not require mandatory
	social distancing measures and few town centres or
	establishments have any implemented.
	SR46.04: Supporting Medway's businesses (Lead
	Officer: Assistant Director Regeneration)
	Q2 23/24 UPDATE:
	Locate in Kent (LIK) continues to support businesses
	to expand within or move to Medway with added
	support for Innovation Park Medway and early
	discussions with Costco for example. The business
	support programmes in partnership with the Kent
	Invicta Chamber of Commerce continue to run and a
	series of workshops aimed at start-ups and growing
	businesses are scheduled through the next quarter.
	Q1 23/24 UPDATE:
	Locate in Kent (LIK) continues to support businesses
	to expand within or move to Medway. There have been
	some personnel changes at LIK and reduced funding
	which has impacted on outputs for this quarter. Medway Council is closely monitoring this to ensure
	future target outputs are met for 2023/24, as well as
	deliver the Future Forward programme. The European
	Union (EU) business support programmes that LIK ran
	completed at the end of the quarter.
	The Economic Development team has been active in
	supporting Medway businesses via the multiple
	business support programmes being delivered
	including Growth Entrepreneur; Scale Up; High Street
	Digitalisation; I-teams; expanded and streamlined
	Partners for Growth Grant; improving networking
	opportunities and events, establishing the Business for
	Medway engagement group and supporting the
	development of future workspace provision in Medway.
	SR46.05: Supporting residents' skills and
	employability.
	Q2 23/24 UPDATE:
	Skills & Employability programmes continue to develop
	well. The 50+ employment programme has seen over
	70 referrals, with eight people supported into work so
	far. The Kent & Medway Careers Hub recorded its best
	performance yet across the Gatsby benchmarks,
	measuring careers performance, and a new supported
	internship forum has been developed. Business
	engagement is also positive with over 150 businesses
	signed up to support education.
	Q1 23/24 UPDATE:
	The Growth Entrepreneur and Scale up programmes
	have commenced focusing on Medway's key growth

priority areas with a focus on investment and high
wage job creation and helping to improve the skills of
business leaders and job creation.
The Partners for Growth grant's expansion has
highlighted that small to medium enterprises (SMEs)
are still looking to grow, with a central theme of
upskilling and increasing qualifications among
directors and staff leading to increased workloads and
increased employment.
SR46.06: Review Medway Council's strategy base,
and resultant regeneration and other programmes
to ensure clarity of focus on delivery of economic
growth (Lead Officers: Corporate Management Team)
Q2 23/24 UPDATE:
Medway's overarching Regeneration Place Strategy
Medway 2037 is due to be refreshed in line with the
Local Plan, Medway 2040. The draft previously
approved by Cabinet in October 2022 is to be
reviewed by the new administration. An initial strategy
workshop with members took place in August. The
document will drive Regeneration and Economic
Development objectives going forward. This will be
aided by grant funding from the Shared Prosperity
Fund 2022-2025, retaining a level of flexibility to
respond to a changing economic environment. Year 2
of the SPF programme is underway to deliver on the
Investment Plan, as approved by the Department for
Levelling Up, Housing and Communities (DLUHC).
Q1 23/24 UPDATE:
The Medway 2037 strategy was approved by Cabinet
in October, giving a steer for Regeneration and
Economic Development and objectives going forward.
This will be aided by grant funding from the Shared
Prosperity Fund (SPF) 2022-2025 retaining a level of
flexibility to respond to a changing economic
environment. The Investment Plan to access the SPF
was approved by Government in late December, and
recruitment for roles to support the SPF programme to
deliver on the Medway 2037 objectives is underway.
The Medway Town Centres Strategy and the Medway
Innovation Strategy were completed.
SR46.07: Continue to lobby government to
maximise support and opportunities for Medway.
Q2 23/24 UPDATE:
The council regularly meets with DLUHC officers to
keep up to date with opportunities for Medway.
Medway has been selected by DLUHC to take part in
the Levelling Up Fund (LUF) Discovery Programme to
work collaboratively with DLUHC and guide
improvements to the funding process. Senior officers
