LICENCE OBJECTION

Application for Premises Licence by Mr Boyan Stefanov Gamanov for a premises licence for Canterbury 'Food Centre & Supermarket 162-164 Canterbury Street, Gillingham, Medway, ME7 5UB.

Granting of this licence application would adversely impact on the area.

It would encourage, noise, drunken behaviour to residents property Urinating in residents private areas, throwing the discarded empties into residents areas.

The possibility of Nuisance or vandalism and late night hours causing a disturbance

The Harmony and Coherence of the area and environment would be lost.

This would have a negative impact on myself and I am sure others

At the Age of 74 and my property being the one of the closest to this supermarket i feel that when the new tenants to the 2 flats that have just been given permission by Medway council move in there may be more objections

With a liquor licence we would get more visitors that would have to find parking spaces or park on the double yellow lines that run all the way in front of this property causing a danger to Nile road users that wish to turn blocking their sight of oncoming vehicles
How they got permission in the first place for a supermarket is a mystery.
