

Reconfiguration of acute stroke services in Kent and Medway

Nov 2021	Approval to proceed with stroke reconfiguration from Secretary of State following the referral to the IRP.
April 2023	Commence review of all previous assumptions within the decision-making business case to ensure all remain valid and robust given delays to the programme and impact of the pandemic.
August 2022	Phase 1 schemes (MTW and DGT) commence early draw down of capital to increase the pace of the programme and maintain the updated timeline. Phased capital works start Sept 2022.
Winter 2022 /2023	All building works cease from Dec to April to enable the winter response.
April 2024	MTW HASU opens.
August 2024	DGT HASU opens.
April 2027	EKHUFT unit at William Harvey Hospital scheduled to open.
