## 4. Summary of the likely impacts

Who will be affected?

How will they be affected?

There will be a cost to the trade every time the tariff changes, as they must update the meter fitted in their vehicle. Regular changes could negatively affect those in low income groups.

## 5. What actions can be taken to mitigate likely adverse impacts, improve equality of opportunity or foster good relations?

What alternative ways can the Council provide the service?

Are there alternative providers?

Can demand for services be managed differently?

The cost of the meter change should be covered by any proposed increase to the tariff.

## 6. Action plan

Actions to mitigate adverse impact, improve equality of opportunity or foster good relations and/or obtain new evidence

Action	Lead	Deadline or review date

## 7. Recommendation

The recommendation by the lead officer should be stated below. This may be: to proceed with the change, implementing the Action Plan if appropriate, consider alternatives, gather further evidence

If the recommendation is to proceed with the change and there are no actions that can be taken to mitigate likely adverse impact, it is important to state why.

For Members to consider the post consultation report, determine whether to proceed with the introduction of the policy and recommend this to Full Council

## 8. Authorisation

The authorising officer is consenting that the recommendation can be implemented, sufficient evidence has been obtained and appropriate mitigation is planned, the Action Plan will be incorporated into the relevant Service Plan and monitored
