Chatham's Waterfront project

We have been granted planning permission to develop a high-quality, mixed-use development at the city centre's waterfront location which will act as a driver for further regeneration in the area.

We have partnered with Medway Development Company Ltd to deliver a site of mixed residential and commercial use.

The plans are for the waterfront to complement other regeneration projects in the town including the [Chatham Placemaking project](#) and build on the improvements to the city centre and river walk.

Availability

Prices start from:

- one beds: from £215,000
- two beds: from £267,000.

In total, 175 residential units will be available at the development. A 2-bedroom show home is now available on-site for viewing (no booking required).

These homes will be set in beautifully landscaped open space near the heart of Medway's city centre, with every property overlooking the River Medway.

A First Homes discount is also available on all units. This means that if you're a first-time buyer, you may be able to buy a home for 30% less than its market value.
