6. Performance Data Workshops

- 6.1 At the Committee's meeting on 5 March 2020, it was agreed for a number of measures to be put in place to maximise involvement and impact in relation to the scrutiny of children's social care.
- 6.2 Part of those measures included the provision of detailed performance data to all members of the Committee on a monthly basis and for performance data workshops to be provided as needed, in between Committees. The purpose of this is to strengthen the capacity for effective scrutiny of performance by providing an informal setting in which detailed analysis of the data can be undertaken. Members can then apply their increased knowledge and understanding to carry out an effective scrutinising role in main committee meetings and in task group activity.

7. Implications for children in care

- 7.1 Members should ensure they focus on outcomes for looked after children. This includes considering their physical health; their emotional health; their safeguarding; their educational attainment and progress; their hopes and aspirations for their adult lives and how looked after young people have their voices heard. We know that children in care can be more vulnerable to sexual exploitation so particular attention should be given to this. As a corporate parent, Members should be a champion for children in care and have the same high expectations of them as they would for their own child, grandchild, or niece/ nephew.

8. Financial and legal implications

- 8.1 There are no financial or legal implications arising from this report.
