

Stakeholder & Client Quotes

Below are a selection of quotes and testimonials shared by clients, stakeholders, and partners that reflect the impact of Kyndi's services across assistive technology and support solutions.

Medication Adherence (Evondos) – Anonymous Family Member

"We're confident he now takes the right medication at the right time. It's provided us with peace of mind and the confidence that he can continue to manage his medicines safely."

Social Worker at Medway Council (regarding Evondos)

"The introduction of the Evondos has been transformative. It has allowed this gentleman to gain freedom and flexibility that he desperately sought. It's not just about medication—it's about restoring independence, confidence and dignity."

Comment from social media follower

"Kyndi blends technology with support. When you have care and compassion along with data and insight, that really is about changing people's lives."

Circadacare Lightbulb – Care Home Staff Feedback

"After less than two weeks of using the Circadacare lightbulb, we saw reduced agitation, better sleep patterns and fewer incidents during the night. It's made a noticeable difference to wellbeing."

Assesment Tool User

"I feel more confident and independent than I have in years – and I'm even hopeful about driving again."

Anonymous family testimonial

"One of John's goals was to take a trip to the seaside—something that wasn't possible before. The Evondos system gave him the independence and structure he needed to make that dream a reality."
