Year 6 prevalence of healthy weight	Worse
Year 6 prevalence of severe obesity	Worse
Physically active children	Worse
Smoking prevalence adults	Similar
Smoking prevalence in routine and manual occupations	Similar
Overweight or obese adults	Similar
Percentage of physically active adults	Worse
Fruit and vegetable consumption	Worse
Dental activity adults	Better

Indicator	Compared
Alcohol related admissions	Better
Substance misuse admissions	Similar
Deaths from drug misuse	Similar
Bowel cancer screening	Worse
Breast cancer screening	Similar
Cervical cancer screening (25-49 yrs)	Better
Cervical cancer screening (50-64 yrs)	Similar
NHS health checks	Better
STI testing rate	Similar
HIV testing rate	Similar
ASCS quality of life users	Similar
ASCS quality of life carer reported	Similar
ASCS users feeling safe	Similar
Domestic abuse related crimes	x
Emergency admissions for falls	Better
Hip fractures	Similar
Dementia diagnosis rate	Similar
Flu vaccination coverage	Worse
Life expectancy at 65 (f)	Worse
Life expectancy at 65 (m)	Worse

Indicator	Compared
Healthy life expectancy at 65 (f)	Similar
Healthy life expectancy at 65 (m)	Similar
Life expectancy inequality at 65 (f)	Similar
Life expectancy inequality at 65 (m)	Similar
Disability-free life expectancy at 65 (f)	Similar
Disability-free life expectancy at 65 (m)	Worse
High Worthwhile	x
Low Anxiety	x
High Happiness	x
High life satisfaction	x
Admissions for self-harm (10-24 yrs)	Similar
Emergency admissions for self-harm	Better
Suicide rate	Similar

Summary: Priority Theme 2

Compared with England or goal:
■ Better ■ Similar ■ Worse ■ Not compared (x)
■ Lower ■ Similar ■ Higher

The aim of this profile is to support reporting on the Joint Local Health and Wellbeing Strategy. The tables below provide an overview of all the indicators included in priority theme 2 compared to England or a goal.

Indicator	Compared
Pupil attendance	Better
Key stage 2	Worse
Attainment 8	x
16 to 17 year olds not in education, employment or training	Worse
Care leavers in employment, education or training	Similar
Children in need	Worse
Child protection plans	Worse
Children in care	Worse
Children in care immunisations	Similar
Health assessments CLA	x
Cic caseloads	x
Cic caseloads	x
First time entrants to the youth justice system	Worse
Safeguarding enquires where risk is reduced or removed	Better
In receipt of long term support for a learning disability and in paid employment	Worse

Indicator	Compared
In contact with secondary mental health services and in paid employment	Similar
